Dear English Teacher,

My name is Aldo Parral and I am _____ Government teacher. There is a reading requirement in my class that is 10% percent of their grade. Every Thursday each class is given at least half the period to read. In the past, each student needed to present an AR report at the end of each semester that showed they had read at least 70% of their required semester points.

Given the challenges of the AR system, my understanding is, each English teacher has opted to implement a different reading system to support reading development. I am asking you to please verify that _____ has in fact met your reading requirement for his/her English grade. Please sign below if it has been met. Thank you.

Sincerely,

Aldo Parral
Teacher of Social Studies
